Specifications

Artwork should be supplied in PDF format. To ensure good reproduction of your artwork please supply a PDF to PDF/X-1a standard. If this is not possible, supply a standard CMYK, high resolution PDF (at least 300 dpi), with all fonts and images embedded. Ensure that bleed is included and clearly shown with bleed marks.

- PDFs should not use any passwords or security options
- Artwork should be pre-flattened so there are no transparent objects in the supplied file
- Full page advertisements must have a bleed of 3.175 mm (0.125")
- Should not exceed ink density of 300%

Color

- All files must use a CMYK or greyscale color space
- No spot colors should be used
- No color management, ICC profiles or Lab color should be used

Images

- Images should be no less than 300 dpi
- Images must be CMYK or greyscale

Advertising dimensions

MRS Bulletin is printed in a portrait format; page size: 210 mm x 279 mm (8.25" x 11")

Please supply with an extra 3.175 mm (0.125") of bleed for all ads that run to the edge of the page. Also ensure that all text and logos are placed no closer than 10 mm (0.4") from the trim.

For questions or to reserve space, please contact:

Rich Widick
mrs@heiexpo.com or
630-929-7918

Ads will be reviewed for content, restrictions apply.
