**MRS Code of Conduct and Compliance Reminder**

A Core Value of MRS is being broadly inclusive and egalitarian. MRS members and event participants are expected to foster an inclusive, cooperative environment where all are welcomed, open dialogue is encouraged and all perspectives are appreciated. Every member and event participant is expected to act in a professional, responsible and courteous manner while engaged in MRS events and activities. Unprofessional behavior, including disparaging comments and uninvited conduct related to sex, race, color, gender, age, disability, orientation or religion, will not be tolerated. If any member or event participant engages in unprofessional behavior, MRS leadership may take any action it deems appropriate, ranging from a simple warning to the offender to expulsion from current and future MRS activities.

Promoting technical excellence is another Core Value of MRS. MRS authors and co-authors are expected to adhere to the highest ethical standards with regard to abstract submissions, presentations, and publication. It is the responsibility of all authors to ensure the integrity of reported results, compliance to sponsoring organization policies, and the acknowledgment of contributors, funding organizations and institutions where the research was conducted.

- ▶ Compliance Reminder

MRS Meeting and Exhibit participants and members have responsibility, likely shared with their employer, for compliance with all applicable laws, codes, rules, and regulations of federal, state and city governments; the facility; and the meeting, including, but not limited to, following public health policies, complying with safety regulations, and adhering to the MRS Code of Conduct. Participants and members are responsible for complying with employer and contract obligations. Participants and members are encouraged to consult with their organizational or private counsel for guidance in complying with laws and regulations, including government antitrust and trade statutes.

**NOTE:** You must agree to the terms above to register for the Meeting. Those who do not comply with MRS Policies and Code of Conduct may have their access to meeting content revoked.
COVID Statement

The Materials Research Society (MRS) is committed to providing a safe and healthy environment for all 2021 MRS Fall Meeting participants. We are working with the Hynes Convention Center and Sheraton Boston on implementing preventive measures to reduce the potential spread of the COVID-19 virus. Our decisions and preventive measures will be guided by the requirements and recommendations of the U.S. Centers for Disease Control (CDC) and federal, state and local health authorities.

Preventive measures are evolving and will be posted closer to the meeting date. We know that mandates will almost certainly change again by the time we convene in November. Our team is evaluating a variety of protocols to enhance our guidelines. These may include, among others:

- Proof of COVID-19 vaccination or negative test (note: please monitor the CDC order requiring negative test results for travelers arriving in the United States)
- Enhanced sanitization of meeting and exhibit spaces
- Masking and social distancing
- Hand sanitizing stations throughout the meeting and exhibit spaces

Please monitor MRS email communications and check the MRS website for details on preventive measures being implemented prior to traveling to the 2021 MRS Fall Meeting. If you are not already receiving email updates from MRS about the Meeting, please update your communication preferences.
