23rd International Conference on Ion Implantation Technology

September 25-29, 2022 | San Diego, California | The US Grant Hotel

The **International Conference on Ion Implantation Technology 2022 (IIT 2022)** is the 23rd Conference in the biannual series focused on discussion of major challenges in current and emerging technologies related to implant/doping and annealing processes, device applications, equipment, metrology and modeling. The Conference offers an excellent opportunity for engineers and researchers in industry, research institutes and universities to present new results and to discuss ideas of new applications of ion implantation and annealing.

EXHIBITION

Take part in a unique event for the ion implantation and annealing communities by exhibiting at the 23rd International Conference on Ion Implantation Technology (IIT 2022). Set for Monday, September 26 through Thursday, September 29, the **IIT 2022 Exhibit** offers the most direct access to researchers from around the world who are seeking technical solutions to their challenges. If you are involved in ion implantation and annealing applications, then you need to be part of this conference. **Don't delay…reserve your space today!**
